### **DETAILED ACTION**

Claims 29 and 31-66 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior art known to the Examiner is attached on the PTO 892 of the previous Office action. None of the cited prior art references disclose or suggest wherein the cavity of the molding die has two sides opposed to each other, a plurality of gates formed on one side, of the two sides, and a plurality of air vents formed on the other side of the two sides, and wherein in the block molding step, the resin is injected into the cavity from the gates on the one side to the air vents on the other side as required by the presently claimed invention. Therefore, the present claims are allowable over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
